

Secret Cities, 1989, Mike Corbishley, 0237602776, 9780237602772, Evans Brothers, 1989

This series focuses on the history of great discoveries, showing how archaeologists and historians gather clues and piece together evidence to give a picture of how people once lived and how civilizations developed. From the very earliest times, people have constructed buildings for a variety of purposes. But in time even the most splendid palaces and cities are sometimes buried or forgotten. This book investigates some of the most famous sites in the world, including Machu Picchu, Knossos and Great Zimbabwe.
